1. Making a Contribution

Lucene Java is always looking for contributions, especially in the areas of documentation. See the Wiki for details on contributing.

2. Nightly Build Javadocs

Unofficial Javadocs from the nightly build are available at:

- All
- Core
- Demo
- - Analyzers
 - ANT
 - BDB
 - BDB-JE
 - Benchmark
 - Highlighter
 - Lucli
 - Memory
 - Misc.
 - Queries
 - Regex
 - Similarity
 - Snowball
 - Spellchecker
 - Surround
 - Swing
 - Wordnet
 - XML Query Parser

3. Downloads

System Requirements are detailed here.

3.1. Clover Test Coverage Reports

Clover test coverage results are available here for the nightly build.

3.2. Hudson

Hudson is providing continuous integration capabilities to the Lucene project. It is responsible for running nightly builds, code coverage reports as well as building the nightly version of the website.

3.3. Nightly Build Download

Nightly builds are based on the trunk version of the code checked into SVN

Download via Hudson

3.4. Source Code

The source files are now stored using Subversion (see <http://subversion.tigris.org/> and <http://svnbook.red-bean.com/>)

```
svn checkout http://svn.apache.org/repos/asf/lucene/java/trunk  
lucene/java/trunk
```
