Introduction

This reminder update file contains three templates that can be used to document treatment for acute stroke. There is one nurse template, VA-ACUTE STROKE NURS RAPID ASSESSMENT/TREATMENT and two provider templates, VA-ACUTE STROKE PROVIDER 24 HOUR POST-ALTEPLASE FOLLOW-UP and VA-ACUTE STROKE PROVIDER TEMPLATE.

These templates were developed for facilities participating in the VA National Telestroke Program (NTSP). However, all VA facilities should use these templates to improve documentation of acute stroke care.

UPDATE_2_0_79 contains 1 Reminder Exchange entry:
