Prosthetics Basics User Manual

<u>Section 1</u>: Understanding Main Menu Features

Overview

Audience

The *Prosthetics Basics User Manual* is for new Prosthetics users of the Prosthetics Sensory Aids Service (PSAS) system including Purchasing Agents and any other new end user on the system.

This manual will provide a general overview of the entire system as well as step-by-step instructions of the more frequently used menus and options.

Main Menu

The main menu for Prosthetics is the following - the **Prosthetic's Officials** Menu:

Prosthetic's Officials Menu	
PU	Purchasing
DD	Display/Print
UT	Utilities
AM	AMIS
SU	Suspense
CO	Correspondence
SC	Scheduled Meetings & Home/Liaison
PS	Process Form 2529-3
EL	Eligibility Inquiry
ET	PSC/Entitlement Records
HO	Home Oxygen Main Menu
INV	Pros Inventory Main
ND	NPPD Tools
VR	Verify/Repair Purchase Card Form

In this manual

The following are the sections in this manual.

Overview, Continued

Menu Options   Below are the **Prosthetic Official's Main Menu** options, the option name for each, the synonym, and a description of each. To display this information, type three question marks at the following prompt:

Select Prosthetic Official's Menu Option: **??? <Enter>**

Menu Option	Synonym	Option Name	Description
Purchasing	PU	RMPR PURCHAS-ING MENU	Purchasing menu, sub-menu of Prosthetic Clerk/Official master menus.
Display/Print	DD	RMPR DISPLAY/PRINT	Display/Print menu for Prosthetic Clerks and Officials. This is a sub-menu of Prosthetic Clerks and Official's master menus.
Utilities	UT	RMPR UTILITIES	This is the Prosthetic's Utility Menu.
AMIS	AM	RMPR MGMT REPORTS	AMIS data is generated from this menu option.
Suspense	SU	RMPR SUSPENSE MENU	This is the menu for Suspense Options.
Correspondence	CO	RMPR CORR MAIN	This is the main menu for Correspondence.
Scheduled Meetings & Home/Liaison Visits	SC	RMPR SCHED-H/L VISITS	This is the main menu for Scheduled Meetings and Home Liaison Visits.
Eligibility Inquiry	EL	RMPR ELG INQ	This option is an eligibility inquiry into the MAS PATIENT file (#2).
PSC/ Entitlement Records	ET	RMPR ENTITLE-MENT/PSC	This is the menu for Prosthetic Service Card and Entitlement Records.

Home Oxygen Main Menu	HO	RMPO-MENU-MAIN	This menu helps you manage your home oxygen program. It tracks costs of services, helps you manage billings, and alerts you when it is time to send letters to patients (e.g., prescription expiration).
NPPD Tools	ND	RMPR NPPD TOOLS	This option contains all tools associated with the National Prosthetic Patient Database.

Purchasing Menu (PU), Continued

Menu option descriptions (continued)

Below are the **Purchasing Menu (PU)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Edit 2319	ED2	RMPR EDIT 2319	This option will allow limited editing of purchasing and stock issue transactions recorded on a patient's VAF 10-2319.
EDIT 2319 (Vendor, QTY, Cost)	ED2C	RMPR EDIT 2319 VENDOR/QTY/COST	This option will allow users with the RMPRSUPERVISOR key to edit Vendor, Qty & cost.
Edit Purchase Card Transaction	EDPC	RMPR4 EDPC	This option will edit the 2421PC form once it has been created.
Add Historical Data	HI	RMPR HIS DATA	This option will allow posting an item to the patient's VAF 10-2319 without counting on AMIS.
Delete Historical Data	HID	RMPR HIS DEL	This option deletes historical data.
List Open 1358 Prosthetic Transactions	LI	RMPR PRINT OPEN TRANS	This option lists VAF 1358 transactions that have not been closed out.
List Open 1358 Transactions by Initiator	LII	RMPR PRINT OPEN TRANS INIT	This option will print open 1358 transactions in the Prosthetics package, sorted by initiator.
List Open Purchase Card Transactions	LPC	RMPR4 LIST OPN	This menu will print all open Purchase Card Transactions. The Purchase Card Number will be encrypted, except for the creator and supervisor.

List Open Purchase Card Transactions by Initiator	LPCI	RMPR4 LIST OPEN BY INIT	This option will print the open Purchase Card Transactions by Initiator, sorted by transaction date.

Purchasing Menu (PU)

Menu option descriptions

Below are the **Purchasing Menu (PU)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Purchase Card Summary Sheet	LPS	RMPR4 PC SUM	This option displays the Purchase Card Summary by Card Number. It will list the open and closed obligations.

Display/Print Menu (DD)

Menu option descriptions

Below are the **Display/Print Menu (DD)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Display/Print Patient 2319	23	RMPR PRINT 2319	Display/print a patient's VAF 10-2319.
Transaction Inquiry	TI	RMPR 1358 INQ	Inquiry to single purchasing transaction.
Print All Prosthetic Items	IP	RMPR PRINT ALL ITEMS	This option prints all Prosthetic Item Master records along with their new and repair AMIS codes. Lab AMIS codes are not printed with this version of Prosthetics.
Print Prosthetic Billings for MAS	BI	RMPR PRINT BILL	Prints all NSC (non-service connected) items issued to patients for billing purposes.
Item History	IH	RMPR ITEM HISTORY	Prints an item history of all purchases made for this item.
Search for Recalled Item	SE	RMPR PRINT RECALL	Searches the RECORD OF PROS APPLIANCE/ REPAIR file (#660) for recalled item.
Site Parameter Inquiry	SI	RMPR SITE INQ	This menu option should be used to review your local site information.
Vendor Inquiry	VI	RMPR INQ VEND	This option is an inquiry to the IFCAP VENDOR file (#440).

Utilities Menu (UT)

Menu option descriptions

Below are the **Utilities Menu** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Add/Edit Patient to Prosthetics	AP	RMPR ADD PATIENT	This option will add a new patient to the PROSTHETICS PATIENT file (#665). You may also edit existing patient data using this option.
Enter Prosthetic Disability Code to 2319	DIS	RMPR DIS ENTRY	This will add or delete Disability Codes to be counted on AMIS.
Delete Prosthetic Disability Code from 2319	REM	RMPR DEL CODE	Mark Disability Code from patient's VAF 10-2319 as deactivated.
Enter/Edit Prosthetic Item Master	EN	RMPR ADD ITEM MASTER	This option adds a new Item Record to File 661, PROS ITEM MASTER.
IFCAP Utilities	IF	RMPR VEN/ITEM	Menu for IFCAP Vendor and Item Edit options.
Purge Obsolete Data	PGE	RMPR PURGE MENU	This is the Purge Menu.
Flag Item as Returned/Condemned	RC	RMPR RETURN	This will place items as returned, condemned, turned-in, lost or broken. To review this data once entered, review the patient's VAF 10-2319 record on the third screen.
Edit Returned/ Condemned Item	RE	RMPR RETURNED EDIT	This option will allow users to edit or delete items that have been flagged as returned or condemned.
Enter/Edit Site Parameters	SP	RMPR SITE MENU	To enter/edit station Prosthetics site parameters.

Suspense Menu (SU)

Menu option descriptions

A Suspense Request (through the **Suspense Menu**) is a request for service or an item that is tracked by a five-day Delayed Order Report. The five workday policy refers to the process or time it takes from receiving the order in Prosthetics to the time an initial action on a request or the time the request is fulfilled has been taken.

If this process takes more than five workdays, it is flagged on the report for monitoring and reporting purposes. It is also denoted in the Suspense list by an asterisk.

Menu option descriptions

Below are the **Suspense Menu** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Add Suspense Record	AS	RMPR ADD SUSPENSE	Adds a new Suspense Record to the PROSTHETIC SUSPENSE file (#668). The patient need not be in the PROSTHETICS PATIENT file (#665).
Close Suspense Record	CS	RMPR CLOSE SUSPENSE	This will close out the suspense record, and flag it as completed.
Edit Suspense Record	ES	RMPR SUSPENSE EDIT	This option will edit a suspense record for a patient.
Inquire to Individual Suspense Record	IS	RMPR INQ SUSPENSE	This option will display the complete Suspense Record for a veteran.
Print Closed Suspense Records	PC	RMPR SUSPENSE PRINT CLOSED	This will print the closed suspense records for a date range.
Print Open Suspense Records	PO	RMPR SUSPENSE PRINT	This option will list all open suspense records.

Suspense Menu (SU), Continued

Menu option descriptions (continued)

Below are the **Suspense Menu** options, the synonym, option name and a description of each.

Menu Option	Synony m	Option Name	Description
Print 5 Day Old Suspense Report	PR	RMPR SUSPENSE PRINT 5 DAY OLD	This option prints all suspense records over 5 working days old.
Print Suspense Statistics	ST	RMPR SUSPENSE STAT	Prints statistics from the PROSTHETICS SUSPENSE file (#668).
Suspense Processing	SP	RMPR SUSP MENU	This is the List Manager version of Suspense Processing, to be used with Consult Tracking.

Correspondence Menu (CO)

Menu option descriptions

Below are the **Correspondence Menu** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Create a Letter	CR	RMPR CORR CREATE	Creates new letter for Prosthetics.
Delete Patient Correspondence Letter	DE	RMPR CORR DELETE	Deletes correspondence letter from the PROS LETTER TRANSACTION file (#665.4).
Add/Edit Correspondence Skeleton Letter	ED	RMPR CORR EDIT	This option allows Prosthetics managers to edit the basic skeleton letters (FORM LETTER TYPE).
Print/Display Patient Correspondence Letter	PR	RMPR CORR VIEW	View correspondence letter.
Print Correspondence Skeleton Letter	PS	RMPR CORR PRINT	Allows printing of a correspondence letter.

Scheduled Meetings and Home/Liaison Visits Menu (SC)

Menu option descriptions

Below are the **Scheduled Meetings and Home/Liaison Visits (SC)** Menu options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Pull over Scheduled Clinic Visits	PL	RMPR PULL SCHED	This option will allow scheduling clinic visits to be pulled over to VAF 10-2527.
Edit Form 10-2527 Information	25	RMPR EDIT 2527	Enter referral and action information to patient's clinic visits.
Delete Scheduled Prosthetic Clinic Visits	DL	RMPR SCHED DEL	This option will allow the user to delete Prosthetics clinic visits that have been pulled over to the VAF 10-2527.
Enter/Edit Closed Time for Clinic Visits	CA	RMPR CLOSE APP	Clinic team member may enter or change time that a scheduled clinic appointment was actually completed.
Appointment Roster and Action Sheet	AP	RMPR PRT 2527	Prints VAF 10-2527 for single clinic after information has been pulled over from MAS scheduled clinic visits.
Open Home/Liaison Visits	OP	RMPR H/L OPEN	Open home or liaison visits for Prosthetics.
Close Home/Liaison Visits	CO	RMPR H/L CLOSE	Close open home or liaison visits by entering the date closed and the total hours of the visit.
Edit/Delete Home/Liaison Visits	ED	RMPR H/L EDIT	Edit/delete home or liaison visits.
Print Closed Home/Liaison Visits	PC	RMPR H/L PRINT CLOSED	Print closed home/liaison visits.
Print Open Home/Liaison Visits	PO	RMPR H/L PRINT OPEN	Print open home or liaison visits.

Process Form 2529-3 (PS)

Menu option descriptions	Below are the **Process Form 2529-3** Menu options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
2529-3 Request Menu	RQ	RMPR 2529-3	This menu will be used by the Prosthetics administrative personnel to enter, edit, print and close out VAF 10-2529-3 requests.
Prosthetic Lab Menu	LB	RMPR LAB MENU	This is the main menu for Prosthetic Laboratory Technicians.

PSC/Entitlement Records (ET) Menu

Menu option descriptions

Below are the **PSC/Entitlement Records (ET)** Menu options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Add/Edit Clothing Allowance	AC	RMPR CLOTHING	Adds a Clothing Allowance for a patient.
Add/Edit Prosthetic Service Card	PS	RMPR ADD PSC	This option will add a Prosthetic Service Card to the patient's VAF 10-2319 record.
Enter/Edit Auto Adaptive Info	AU	RMPR AUTO	This option is the main menu to enter/edit auto-adaptive equipment purchased for the patient. This allows adding a new Vehicle of Record, adding van modifications, new items, and editing of items and repairs.
Record Other Patient Information	RO	RMPR ADD OD	This option allows a free-text word processing area for storage of other information needed by service on the patient's VAF 10-2319 record. Information such as eye color, hair color, patient's station, etc. is included.

Home Oxygen Main Menu (HO)

Menu option descriptions

Below are the **Home Oxygen Main Menu (HO)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Add/Edit Home Oxygen Patient	ED	RMPO ADD/EDIT PAT	This option allows the user to add patients to the Prosthetics Patient file, edit demographics (e.g., therapy activation date and eligibility for home oxygen services), and document prescription and billing equipment data.
Billing Transactions	BT	RMPO BILLING TRANSACTIONS	This option allows you to edit bills for a specific month, accept those transactions, and post them.
Generate Letters	LE	RMPO LIST/PRINT MANAGER	This option creates a list of patients who are due to receive letters and prints the letters.
Home Oxygen Patient Template Update	TU	RMPO HO PAT TEMPLATE UPDA	This is a utility for updating vendor, HCPCS, FCP, item, and unit cost of all Home Oxygen patients in a particular station at once. Only the patient template is changed, not the monthly billing. If the monthly billing is already been created for a certain month, changes on the template will not affect the billing cycle.

Continued on next page

Home Oxygen Main Menu (HO), Continued

Menu option descriptions

Below are the **Home Oxygen Main Menu (HO)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Inactivate/Activate Oxygen Patient	IN	RMPO INACT/ACT	This is an option to deactivate and activate/reactivate home oxygen patients.
Purchase Card Sign Off	SO	RMPO PO SIGN OFF	Once a billing is accepted and posted, this option can be used to sign off on the billing.
Reports	RE	RMPO-RPT-MAINMENU	This menu contains reports on active and inactive home oxygen patients, addresses, prescription reports, billing discrepancies, etc.
Site Parameters Enter/Edit	SI	RMPO SITE EE	This option is used to define those parameters specific to the site such as: letters that should be generated and default prescription expiration dates.
Verify Posted Billing Transactions	PB	RMPO POST 2319	This option posts all Home Oxygen billing transactions for a selected month for bills posted in IFCAP but not in Patient 2319 records. It will loop through all the records for the MONTH and VENDOR entered.

Pros Inventory Main (INV)

Menu option descriptions

Below are the **Pros Inventory Main (INV)** Menu options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Add Inventory LOCATION or ITEMS	AE	RMPR INV ADD	This is an option to add a Location, HCPCS or ITEMS for inventory. Users can edit item fields under this option.
Deactivate Inventory Location	DE	RMPR INV DEACTIVATE	This option is only given to the holder of RMPRMANGAER key. It requires the electronic signatures of 2 users holding this key to be entered before a location can be deactivated.
Edit Inventory Items	EI	RMPR INV EDIT	This option is for editing an Inventory Location or Items. You can only edit an Item or Location that has already been set-up.
Edit Inventory Location	EL	RMPR INV EDIT LOCATION	This option is for editing an existing inventory location.
Inventory Reports	RP	RMPR INV REPORTS	Various Inventory reports are available through this option.
Order Item from Supply or Vendor	OI	RMPR INV ORDER	This is an option to record that an Item has been ordered. This option will not automatically order an item from Supply or Vendor.

Pros Inventory Main (INV), Continued

Menu options continued

Below are the **Pros Inventory Main (INV)** Menu options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Receive Item from Supply, Vendor or Patient	RC	RMPR INV RECEIVE	This is an option to record that an Item has been received and entered into the Prosthetics Inventory. Receiving an Item in Supply through the IFCAP package does not update the Prosthetics Inventory module. This option has to be done separately for an Item to be received and recorded in the Prosthetics module.
Reconcile Item Balance	UP	RMPR INV RECON-CILE	This is an option to reconcile or update Items in Prosthetics Inventory. Users can update the Quantity, Total Cost, Vendor, Unit of Issue, Re-order Level and Description.
Remove/Deactivate HCPCS/Item from Inventory	RE	RMPR INV REMOVE HCPCS/ ITEM	This option removes/ deactivates inventory item(s) from the Prosthetics Inventory Program. Once an item has been removed/ deactivated, that item is not accessible. Only users with RMPRMANAGER key can access this option.
Transfer Stock Between Locations	TR	RMPR INV TRAN	This is an option to transfer an Item to a different Location. In order to transfer an Item, it must be set-up to both Locations. User can transfer all Quantities or certain Quantities. This option does not remove an item from a location if all quantities have been transferred.

NPPD Tools Menu (ND)

Menu option descriptions

Below are the **NPPD Tools Menu (ND)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Add/Edit HCPCS Synonyms	AE	RMPR ADD/EDIT HCPCS SYNONYM	This option will only edit the DESCRIPTION and SYNONYM in the Prosthetics HCPCS file.
DSS HCPCS History	HH	RMPR HCPCS HISTORY	This menu will display all HCPCS issued on a Patient's 2319 records for a date range.
HCPCS Inquiry	INQ	RMPR NPPD INQ	You can look up one HCPCS at a time with this option.
NPPD Detail Display		RMPR NPPD GUI	For users to be able to use the NPPD Detail Display GUI front-end, this option must be on either their primary or secondary menu options. This option has also been placed on RMPR NPPD TOOLS to give users who have access to the current NPPD options, access to NPPD GUI Detail Display. Note: 'B' type option for use after installation of RMPR*3*71. 'B' type options are not visible to roll & scroll users.
Print 2529-3 Single Line	LSL	RMPR NPPDL PRL L	This option will print a single line, either New or Repair in Detail format for the form type 2529-3 only. This is the Lab.

Continued on next page

Menu option descriptions

Below are the **NPPD Tools Menu (ND)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Print 2529-3 Worksheets	LPRT	RMPR NPPDL PRT	This option provides both Summary and Detail worksheets. They are divided into the following two basic parts with a station summary of each: * New Activities * Repair Activities The above are further broken down by each mapped NPPD Group with a summary of each. Within each NPPD Group, there is an NPPD Line with a summary. The Detail display adds an itemized listing for each NPPD Line within the NPPD Group, so every transaction for the date range selected is displayed. It is recommended to send this report to a device that will print a 132-right margin. This will not only ensure that you get the entire report, it will also expand the length of some of the data (e.g., Item and HCPCS DESCRIPTION on the Detail Worksheet) to make it more legible.
Print NPPD Single Line Detail	SL	RMPR NPPD PRL L	This option will print a single line, either New or Repair in Detail format.

NPPD Tools Menu (ND), Continued

Menu option descriptions	Below are the **NPPD Tools Menu (ND)** options, the synonym, option name and a description of each.

Menu Option	Synonym	Option Name	Description
Print NPPD Worksheets	PRT	RMPR NPPD PRT	Printing functionality.
Print PSAS HCPCS List	MAP	RMPR NPPD LIST	Printing functionality.
PSAS HCPCS History	PH	RMPR PSAS HCPCS HISTORY	View history of PSAS HCPCS.
Quick Edit 2319 Record	QED2	RMPR NPPD QUICK EDIT	This menu is a quick edit of the 2319 Record. This will allow you to select a record by the number displayed on the detail NPPD report for quick corrections.

Section 2: Display/Print Menu

Overview

Introduction The **Display/Print (DD)** menu is a sub-menu of **Prosthetic Clerks and Official's** master menus. The internal option name is: RMPR DISPLAY/ PRINT, and the synonym is: DD.

The audience for this feature is Prosthetics Clerks as well as Officials.

Menu Option Below is the Prosthetic Official's Menu.

Synonym	Menu Option
PU	Purchasing…
DD	Display/Print…
UT	Utilities…
AM	AMIS…
SU	Suspense …
CO	Correspondence…
SC	Scheduled Meeting and Home/Liaison Visits …
PS	Process Form 2529-3…
EL	Eligibility Inquiry
ET	PSC/Entitlement Records …
HO	Home Oxygen Main Menu…
INV	Pros Inventory Main …
ND	NPPD Tool …

In this section The following chapters are in this section:

Display/Print Menu Option Descriptions

Menu Option descriptions

Below are the **Display/Print** Menu options with the option name and a description of each.

Display/Print Menu	
23	Display/Print Patient 2319
TI	Transaction Inquiry
IP	Print All Prosthetic Items
BI	Print Prosthetic Billings for MAS
IH	Item History
SE	Search for Recall by Lot/Serial Number
SI	Site Parameter Inquiry
VI	Vendor Inquiry

Menu Option	Synonym	Option Name	Description
Display/Print Patient 2319	23	RMPR PRINT 2319	Display/print a patient's VAF 10-2319 (Note the 2319 contains more than eligibility)
Transaction Inquiry	TI	RMPR 1358 INQ	Inquiry to single purchasing transaction.
Print All Prosthetic Items	IP	RMPR PRINT ALL ITEMS	This option prints all Prosthetic Item Master records along with their new and repair AMIS codes. Lab AMIS codes are not printed with this version of Prosthetics.
Print Prosthetic Billings for MAS	BI	RMPR PRINT BILL	Prints all NSC (non-service connected) items issued to patients for billing purposes.
Item History	IH	RMPR ITEM HISTORY	Prints an item history of all purchases made for this item.
Search for Recalled Item	SE	RMPR PRINT RECALL	Searches the RECORD OF PROS APPLIANCE/REPAIR file (#660) for recalled item.
Site Parameter Inquiry	SI	RMPR SITE INQ	This menu option should be used to review your local site information.
Vendor Inquiry	VI	RMPR INQ VEN	This option is an inquiry to the IFCAP VENDOR file (#440).

Display/Print Patient 2319 (23)

Introduction   You can view or print the 10-2319 Prosthetics Veteran patient information from the **Display/Print Patient 2319 (23)** option. You will be prompted to select a patient.

You will also be prompted for a device to print the Patient 10-2319. You have the choice to send the report to a printer by entering a printer at the Device prompt or view selected portions of the 2319 on your terminal screen.

<u>Note:</u> Output to a printer will produce a different display than when it is sent to a terminal screen as you have a choice of which eligibility screens to view versus the printout will print the entire Patient 2319.

Options   Here are the screens that you can view from the patient's 2319:

Patient Demographics
Clinic Enrollments/Correspondence
Entitlement Information
Appliance Transactions
Auto Adaptive Information
Critical Comments
Add/Edit Disability Code
Home Oxygen Items

In this chapter   The following topics are in this chapter:

View and Print the Patient 2319

Display the 2319 You can display the 10-2319 Prosthetics Veteran record using the **Display/Print Patient 2319 (23)** Menu option.

Steps To display or print the 10-2319 Prosthetics Veteran record, follow these steps:

Step	Action
1	At the `Select Display/Print Option` prompt, type 23 to access the Display/Print Patient 2319 (23) option.
2	At the **Site:** prompt, press **<Enter>** to accept the default setting or type a "**?**" to display a list and select a site from the list.
3	At the **Select Prosthetic Patient** prompt, enter a Prosthetic patient name with the "LAST NAME,FIRST NAME" format.
4	Press <**Enter**> to continue.
5	Patient identification information displays. : **At the ...OK? Yes// prompt, press <Enter> to continue**.

View and Print the Patient 2319, Continued

**Printing vs.
Displaying the
2319**

Printing is different than viewing the 2319 on your terminal! If you elect to print the
2319 information by entering **SLAVE or another printer device**, the <u>entire</u> Record
of Appliances and Repairs prints out.

Steps
(continued)

To display or print the 10-2319 Prosthetics Veteran record, follow these steps:

Step	Action
6	The system displays the **Device: Home//** prompt. Press <**Enter**> twice to display information to your terminal screen or type **SLAVE** to print the information to your personal printer. You can print the information to another printer by typing the printer ID.
7	The system displays: **Right Margin: 80//** (unless you requested to print to a printer using the SLAVE entry). Press <**Enter**> to continue.
8	The Disability Codes display for the selected patient and you are given a choice of information to view, edit or print from the patient's 2319.

2319 Screen

Print All Prosthetic Items (IP)

Overview

Introduction   The **Print All Prosthetic Items (IP)** option prints all Prosthetic Item Master records along with their new and repair AMIS codes. This listing is useful for Purchasing Agents as a catalog of all current Prosthetic items available for issue, and for Prosthetics Supervisors to validate correctness of Prosthetics AMIS codes.

Note: Lab AMIS codes are not printed with this version of Prosthetics.

Steps   To print all Prosthetic items, follow these steps:

Step	Action
1	Type IP for the Print All Prosthetic Items option from the Display/Print Menu.
2	At the `Device` prompt, press <**Enter**>. The following displays: `Right Margin: 80//`.
3	Press <**Enter**>.

Print All Prosthetic Items Screen

```
   23      Display/Print Patient 2319
   TI      Transaction Inquiry
   IP      Print All Prosthetic Items
   BI      Print Prosthetic Billings for MAS
   IH      Item History
   SE      Search for Recalled Item
   SI      Site Parameter Inquiry
   VI      Vendor Inquiry

Select Display/Print Option: IP <Enter> Print All Prosthetic Items
DEVICE:  <Enter>   TELNET    Right Margin: 80// <Enter>
```

Recommendation   It is recommended that you run this option quarterly to verify the AMIS codes that have been assigned. This will assure that you will receive proper calculations in your AMIS Worksheets.

View the Prosthetic Item Master List

Prosthetic Item Master List

You can view the Prosthetic Item Master List from the **Print All Prosthetic Items (IP)** option. Notice that the Item Master List below has three pages displayed with the Item Number, short description, and extended description.

Print All Prosthetic Items Screen (continued)

Print Prosthetic Billings for MAS (BI)

Overview

Introduction   The **Print Prosthetic Billings for MAS (BI)** option prints all NSC (non-service connected) items issued to patients for billing purposes. MAS stands for Medical Administrative Services.

Steps   To view Prosthetic Billings for MAS, follow these steps:

Step	Action
1	Type BI for the Print Prosthetic Billings for MAS option from the Display/Print Menu.
2	At the Site prompt, enter the name of the site and press **<Enter>**.
3	At the **Start With Delivery Date** prompt, enter the beginning date of the date range. (For instance if the report should cover one year from the current date, enter T-365 which stands for "Today minus 365 days from today").
4	At the **End With Delivery Date** prompt, type a **T** for **Today** if you want to enter the end of the date range with the current date.
5	At the **Device** prompt, enter a printer or press <**Enter**>. The following displays: **Right Margin: 80//**. Press <**Enter**> again.

Item History (IH)

View Item History

Introduction   The **Item History (IH)** option from the **Display/Print** Menu prints the history of all purchases made for an item you select. It allows you to review the history of all items issued during any date range you may choose. You can view the request date, patient name, SSN, Vendor, Serial Number, quantity, total cost, and Initiator.

There are four types of transactions including: 1) Initial Issue, 2) Replacement, 3) Repair, and 4) Spare. You can select multiple items to view at one time. This includes who received the item, cost of the item, quantity, purchased or issued, etc.

Steps   To view item history, follow these steps:

Step	Action
1	Type **IH** for the **Item History** option from the **Display/Print** Menu.
2	At the Site prompt, press <**Enter**> to accept the default Site or type two question marks to display and list and select a different site.
3	Once you have selected a site, an **OK? Yes//** prompt displays.
4	Press <**Enter**> and another Select Item prompt displays.

Search for Recalled Item (SE)

Overview

Introduction
The **Search for Recalled Item (SE)** option from the **Display/Print** Menu searches the RECORD OF PROS APPLIANCE/REPAIR file (#660) for a recalled item.

Steps
To search for a recalled item, follow these steps:

Step	Action
1	Type SE for the Search for Recalled Item (SE) option from the Display/Print Menu.
2	At the **Site** prompt, press <**Enter**> to accept the default Site or type two question marks to display a list and select a different site.
3	At the **Beginning Date** prompt, enter a date for the beginning of the date range of the data you want to view, and press <**Enter**>. (For instance, if you want a range of a year of data, enter **T-365** for "Today minus 365 days from the current date.")
4	At the **Ending Date** prompt, enter the end date of the date range of the data you want to view, and press <**Enter**>. (For instance, you can enter **T** for **Today** for the current date.)
5	At the **Select one of the following** prompts, a list of options display including: 1) **Search by Serial Number or Lot Number** or 2) **Search by Item**. Type the option that you want and press <**Enter**>.

         2          Search by Item

Enter response: <Enter>
```

Search by Serial Number or Lot Number

Search patterns Items issued through the Prosthetics stock program can be traced to an individual patient if either the item's lot or serial number was recorded at the time of the issue. To use the **Search by Serial Number or Lot Number** option, some unique pattern in either the lot or serial number must be known.

For example, to find all issues to patients receiving an item with the Serial Number (or in the Lot Number) of **90-222-98**, enter **90-** at the "**Enter Serial Number or Lot Number:**" prompt. A search of the database will begin and the results may be sent to the screen or printer. Multiple results may display.

For this example, entering **90-222** or **222** would have given the same results. Entering 222-90 would NOT have found these transactions since 222-90 is NOT a pattern in either transaction's Serial Number or Lot Number.

<u>**Note:**</u> You may also search by item name.

Steps To search for a recalled item, follow these steps:

Step	Action
1	Enter 1 for the Search by Serial Number or Lot Number.
2	At the `Enter Serial Number or Lot Number` prompt, you can enter partial information to begin the search.
3	At the `Device` prompt, press <**Enter**>. The following displays: `Right Margin: 80//`. Press <**Enter**> again.

                         END OF REPORT
```

Example

The following is an example of the usefulness of the **Search for Recalled Item** option:

A vendor calls the Prosthetic office to look for a patient's name and/or purchase order number but all they have is the item that was purchased and the date of the purchase.

By using this option, you can locate the patient's name and the item at the prompt that asks for the beginning and ending date.

You would then access the patient's 2319 which is located under the **Display/Print** option.
Select the Appliance Transactions option.
Select the date given to you by the vendor and enter the number that matches the date.
The number will show full entry, and you will be able to locate the purchase order number.

Site Parameter Inquiry (SI)

Overview

Introduction   The **Site Parameter Inquiry (SI)** option from the **Display/Print** Menu should be used to review your local site information.

Steps   To inquire on a site parameter, follow these steps:

Step	Action
1	Type ST for the Search for Recalled Item (ST) option from the Display/Print Menu.
2	At the **Site** prompt, type two question marks to display a list and select a site.
3	At the **Device: HOME//** prompt, press <**Enter**> twice to display the information to your terminal screen (or type **SLAVE** to print it).

Section 3: Purchasing Menu (PU)

Overview

Introduction   Creating the Prosthetics purchase order is an involved process and includes the following:

It combines patient information, vendor, item, obligation, and cost information on a single purchasing document.

It is integrated with six other VISTA applications including: PSAS, IFCAP, Consult Tracking, CPRS, Patient Care Encounters, DSS and Billing. They are integrated by exchange of data between applications.

It is also different because of the structure of the National Prosthetics Patient Database (NPPD) and the NPPD requirements.

Creating the PSAS purchasing document using IFCAP interface is a seamless process.

PSAS data (patient name, SSN, address, and phone number) are automatically printed on PSAS obligation document.

Background   PSAS has developed a customized **Purchasing Menu** in the prosthetics software package in VISTA, which calls into IFCAP, in order to alleviate the need to switch to and from various packages in VISTA or various screens. This reduced processing time of procuring devices/appliances and services for direct patient care.

The **National Prosthetic Patient Database (NPPD)** requires various fields, which are patient specific, in order to ensure we are adhering to eligibility criteria, and maintaining prescription, diagnosis, ordering, vendor, item, and accounting data is captured on the patients record. The need for one point of entry and seamless entry/order processing has proven effective in reducing delays and fast effective processing of orders.

PSAS is held to a five-day time limit in processing an order (again since it is for direct patient care), and VISN Directors performance standards state such.

Prosthetics System   The **Purchasing Menu (PU)** is accessed from the **Prosthetic Official's Menu**.

Overview, Continued

VA Forms

Purchasing interfaces with IFCAP into the IFCAP 1358 module. Forms printed include the following:

VAF 10-2421, Prosthetics Authorization and Invoice
Form Letter 10-55, Authority to Exceed Amount on Service Card.

For tracking transactions associated with purchasing, Prosthetics will accommodate:

VAF 10-2520, Prosthetic Service Card Invoice
VAF 10-2914, Prescription and Authorization for Eyeglasses - Computer entry of
    eyeglass prescriptions has been automated.
No-Form, Pickup/Delivery Charges
Request for Estimate (FL 10-55)
Patient Notification Letter.

Listed below are all of the menus and sub-menus that you will use for purchasing purposes. If the system does not allow you to access an option, contact your Fiscal Service and inform them that you need access to fund control points.

Overview, Continued

Stock Issues   There is a separate **Stock Issues User Manual** that was developed with Patch RMPR*3*61 the Inventory/Bar Coding enhancement. Therefore this menu and the menu options will not be explained in this basic manual.

Purchase Cards   There is also a **Purchase Cards User Manual** that is available from the Vista Document Library for you to download and therefore will not be explained in this basic manual.

The **Purchase Cards User Manual** also documents the following Purchasing options:

Purchase Card Form (PC) – from the **Enter New Request (EN) Menu**
CPC - Cancel Purchase Card Transaction
CPO - Reconcile/Close Out Purchase Card Transaction
LPC - List Open Purchase Card Transactions
LPCI - List Open Purchase Card Transactions By Initiator
LPS - Purchase Card Summary Sheet
Reprint a Purchase Card Form (PCR) – from the **Reprints (RP) Menu**

List Open 1358 Prosthetic Transactions (LI)

Introduction   The **List Open 1358 Prosthetic Transactions (LI)** option produces a report that will print the open 1358 transactions in the Prosthetics Package, sorted by initiator. However, it will not include manual transactions that were created in the IFCAP 1358 module. Once the transaction has been closed out, it will not appear on this report.

Enter New Request (EN)

Overview

Menu description

In order to use the **Enter New Request (EN)** option or to enter a new transaction, you must choose one of the menu options (purchasing forms) below. All of the options listed under this menu are similar in several ways. Each form type will, upon posting, update the patient's electronic 10-2319, and record the transaction to the 1358 obligation that you choose.

Once posted, these requests may only be closed out or cancelled. After you begin input into the computer, these forms must be completed to the point of posting to the 1358 obligation and patient's 10-2319 record. If the form is not completed, exiting the program during input of one of these forms will cause the transaction to be deleted. (This is unlike IFCAP where a transaction may be started and later edited.)

Note: Prosthetics purchasing forms are not saved in the computer for editing at a later time.

Enter a 2421 Form (24)

Introduction   With the **2421 Form (24)** option, the user will create a 2421 Form for a selected patient. This form will update the patient's electronic 10-2319, and record the transaction to the 1358 obligation that you choose. Once posted, this request may only be closed out or cancelled.

When do you use this option?   You must use the **2421 Form (24)** option when a vendor does NOT accept the government purchase card. (This is another form of a Prosthetics Purchase Order using a 1358.)

What is the process?   After you access the **2421 Form (24)** option, this form must be completed to the point of posting to the 1358 obligation and patient's 10-2319 record. If it is not completed, exiting the program during input will cause the transaction to be deleted.

You will be prompted to enter the site, substation, obligation number, patient, and disability code(s) if none exists. If the patient already has disability codes, they will display.

You may view any of the 10-2319 patient screens (patient demographics, clinic enrollments/correspondence, entitlement information, appliance transactions, auto adaptive information, critical comments, add/edit disability code).

Enter a 2421 Form (24), Continued

Obligation Number

This is the 1358 Number. This prompt will display: **This will Create a 10-2421 Do you wish to Continue? Yes//**. By pressing **<Enter>**, you accept the default answer of YES and are asked to select the Prosthetics 1358 patient.

The Obligation Number is also considered all of the following: Procurement & Accounting Transactions Purchase Order Number, or method of processing, or Depot Voucher No., or Supply Status, or Supply Status Order, or FCP or vendor, or Purchase Card holder, or Requisition No.(Supply), or Issue Voucher No.(Supply), or Issue Voucher No.(Fiscal), or Inventory/Distribution Point, or ISMS Order No.

Steps

To enter a **2421 Form (24),** follow these steps:

Step	Action
1	Select the `Form Type` (i.e., 2421 Form (24)).
2	Enter the **Site** (if a multi-site facility).
3	Enter the 1358 Obligation Number.

2421 Form screen

```
SITE: Hines Development System//  <Enter>                     499

Select OBLIGATION NUMBER: ?? <Enter>
      Choose from:
  499-A20003    11-24-95  1358    Cancelled Order
           FCP: 910     $ 0.00
  499-A20010    01-04-00  1358    Order Not Completely Prepared
           FCP: 910     $ 0.00
  499-A20012    07-01-97  1358    Obligated - 1358
           FCP: 910     $ 2000.00

Select OBLIGATION NUMBER: 499-a20012    07-01-97  1358   Obligated - 1358
           FCP: 910     $ 2000.00
1358 Balance is $ 2984.97
This will Create a 10-2421 Do you wish to Continue? Yes// Y <Enter>  (Yes)

Enter a 2421 Form (24), Continued

Prosthetic patient
The patient selected must be in both the MAS patient file and the Prosthetic Patient file. If the patient is not in the Prosthetic Patient file, but is in the MAS Patient file, you may enter the patient into the Prosthetic Patient file at this time.

The current Disability codes will be displayed for the selected patient. If there is no Prosthetic Disability Code entered for the patient, you must do so prior to continuing.

Steps
To continue to enter a **2421 Form (24),** follow these steps:

Step	Action
4	Enter the **Prosthetic Patient**. The Disability Codes will display.
5	Enter the **Date** or press **<Enter>** to accept the default setting.
6	Select a **Vendor**.

Screen Sample
```
Select PROSTHETIC PATIENT: PATIENT,FOUR <Enter> PATIENT,FOUR        12-27-50
000654321        YES     SC VETERAN
 Enrollment Priority: GROUP 2    Category: IN PROCESS     End Date:

        ...OK? Yes// <Enter>  (Yes)
        SUPPORT ISC

Current Disability Codes are:
AMP/LS        INPATIENT     S/C
BLD/TRE       EMPLOYEE      NSC
Enter 10-2319 screen to VIEW (1-8),'^' to EXIT, or 'return' to continue:

DATE REQUIRED: T+30//  <Enter> (AUG 18, 2001)

VENDOR:??
    Enter the Vendor the item is being purchased from.
VENDOR: VENDOR,THREE   <Enter>   VENDOR,THREE     PH:555 555-5555  NO:   3
ORD ADD:CORPORATE ORDER ENTRY                 FMS:

  CONTRACT

Select CONTRACT/BOA NUMBER: v797p-5640M  <Enter> --      EXP. DATE:
12-31-95     MOL $100000      CONTRACT

TYPE OF TRANSACTION: I  <Enter>   INITIAL ISSUE
```

Enter a 2421 Form (24), Continued

Patient Category

The **Patient Category** includes the following:

SC/OP (Service connected/Outpatient)
SC/IP (Service connected/Inpatient)
NSC/IP (Non-service connected/Inpatient)
NSC/OP (Non-service connected/Outpatient)

Note: If you select the NSC/OP option, a prompt for Special Category appears requiring you to select from one of four options (i.e., Special Legislation, AA, etc.)

Item

This is the item entered into the Prosthetic Item master list. You can search for an item using the question mark processing feature.

PSAS HCPCS

Enter the appropriate HCPCS (Health Care Financing Administration Common Procedure Coding System) code. Try the HCPCS, E1399 if unknown. This field should have the HCPCS code for the Item you are selecting. HCPCS is a uniform method to report professional services, procedures and supplies for healthcare providers and medical suppliers.

Steps
(continued)

To continue to enter a **2421 Form (24),** follow these steps:

Step	Action
9	Enter the **Patient Category**. (If the veteran is NSC/OP, then select a Special Category.)
10	Select the **Item** to be Issued or Repaired.
11	Select the **PSAS HCPCS** and if necessary a **CPT Modifier**.

Brief/Extended Description of Item

You can type a brief description of the item for that specific vendor. This description will print on the 10-2421 form for use by the vendor to determine what item is to be provided to the veteran.

At the Extended Description, you can further describe the item for the vendor in a text editor at the **Edit?** prompt.

Steps (continued)

To continue to enter a **2421 Form (24),** follow these steps:

Step	Action
12	Enter a brief and an extended description of the item (for the vendor).
13	Enter the **Quantity** to be Purchased.
14	Enter Unit Cost.
15	Enter Unit of Issue.
16	Enter **Remarks** (2310 and 1358).
17	Establish a **Shipping Charge** (optional).

2421 Form screen (continued)

```
BRIEF DESCRIPTION OF ITEM (for Vendor): SHOE HEEL

--------------------------------
EST. SHIPPING CHARGE:
```

Prompt	Description
Quantity	Enter the number of the item you want to order – total amount of units issued for this item.
Unit Cost	Enter the cost of one item to be purchased.
Unit of Issue	This field uses data from the IFCAP system (i.e., ea for Each).
Remarks	Any Remarks you would like printed on the 1358 Obligation form and the 10-2319 should be entered here.

Est. Shipping Charge	The estimated shipping charge when the transaction is created. This field only holds the estimate, not the actual charge.

Enter a 2421 Form (24), Continued

Percent Discount   Contains the percent discount for the purchase. Estimated Cost and Actual Cost are calculated with the percent Discount.

Deliver To   You have four selections of delivery locations to choose one.

Steps (continued)   To continue to enter a **2421 Form (24),** follow these steps:

Step	Action
18	Enter a **Percent Discount** (if applicable).
19	Select one of the following to **Deliver To**: Veteran VAMC Warehouse Prosthetics Other
20	Answer Yes or No at the following prompt: Are you ready to POST to IFCAP and 10-2319 NOW? No//

2421 Form screen (continued)

```
PERCENT DISCOUNT: <Enter>
DELIVER TO: ?? <Enter>
Enter a code from the list.

    Select one of the following:
        1        VETERAN
        2        VAMC WAREHOUSE
        3        PROSTHETICS
OTHER

DELIVER TO: PROSTHETICS <Enter>

Are you ready to POST to IFCAP and 10-2319 NOW? No// NO <Enter> (No)
```

Are you ready to Post?   The prompt, **Are you ready to Post to IFCAP and the 2319 now?//No** displays. The default answer for posting will always be **NO**. Accept the default answer by pressing the **<Enter>** key, so you may verify that the information entered on the request is correct. <u>The data entered displays for your review</u>.

If information is not correct, you have the option to edit the transaction as shown in the example on the next page.

Enter a 2421 Form (24), Continued

Display Entry The data entered displays below for your review if you accepted the default of **NO** at the **Are you ready to Post to IFCAP and 10-2319 NOW?** prompt.

??? (Triple question mark)	Entering three question marks provides you with a brief description and a synonym:

```
   24      2421 Form
   25      2520 Transaction without printing 10-55
   10      10-55 PSC Form
   29      2914 Eyeglass Record
   NF      Create a No-Form Daily Record
   PD      Pickup and Delivery Charges
   PC      Purchase Card Form
   SS      Purchase Card Site Parameter

Select Enter New Request Option: ??? <Enter>

'10-55 PSC Form'    Option name: RMPR 10-55    Synonym: 10
    This will create a new FL 10-55 form and post purchasing data to
patient's VAF 10-2319 record and update the Service's VAF 1358 obligation.

'2421 Form'     Option name: RMPR 2421     Synonym: 24
    This option will create a new VAF 10-2421 form, post to the patient's
    VAF 10-2319, and update the VAF 1358 obligation.

'2520 Transaction without printing 10-55'    Option name: RMPR 2520
Synonym: 25
    For VAF 10-2520 PSC transactions that are under $300.00 and do not have
and FL 10-55.  It will then post to the VAF 1358 and patient's VAF 10-2319
record.
```

Appendix B - Glossary

Ad Hoc	An Ad-hoc has a specific purpose. Example: MS Access ad hoc query done to obtain specific data.
AMIS	Automated Management Information System.
Authorization	An estimated payment that will be applied to the 1358.
Control Point	The division of monies to a specified service, activity, or purpose from an appropriation. This is a financial element, existing only in IFCAP, that corresponds to the ACCS number in FMS.
Cost Center	Subsections of Fund Control Points. Cost centers allow fiscal staff to create total expense reports for a section or service, and requestors to assign requests to that section or service.
DCT	Document Confirmation Transactions
Default	A normal or suggested response to a prompt that is provided by the system.
Detailed Inventory ID	A description of the item and/or where it can be found within a location.
DSS	Decision Support System
FMS	Financial Management System (FMS), which has replaced CALM as the primary accounting system for administration appropriations. FMS has a comprehensive database that provides for flexible on-line and/or batch processing, ad-hoc reporting, interactive query capability and extensive security. FMS is concerned with budget execution, general ledger, funds control, accounts receivable, accounts payable and cost accounting.

FPDS	Federal Procurement Data System.
Fund Control Point	CALM accounting element that is not used by FMS.
Funds Distribution	A group of fiscal options that allow the budget analyst to distribute funds to control points and track budget distribution reports information.
GIP	Generic Inventory package.
Grouper Counter	The grouper counter is used to associate multiple entries in file 660, Record of Appliance/Repair, to a single patient. A post-init routine initially sets the counter for you at 99999999, then counts backwards. Do not edit this number.
HCPCS	Healthcare Financing Administration Common Procedure Coding System. A code that represents an item or service.
IFCAP	Integrated Funds Distribution, Control Point Activity, Accounting and Procurement.
Item File	A listing of items specified by A&MM as being purchased repetitively. This file maintains a full description of the item, related stock numbers, vendors, contract numbers, and a procurement history.
Item History	Procurement information stored in the ITEM file. A history is kept by fund control point at the time of request.
Item Master Number	A computer-generated number used to identify an item in the ITEM file.
Location	A specific area that contains prosthetic stock.
MCCR	Medical Care Cost Recovery

No-Form Daily Record	The no-form type of purchasing transaction is used to record purchases from local Durable Medical Equipment (DME) contracts. Not all VAMCs use this type of contract. Items such as hospital beds, bath transfer equipment, etc. are examples of types of equipment purchased from a DME on this form.
NPPD	National Prosthetics Patient Database
Obligation	The commitment of funds. The process that Fiscal Service completes to set aside monies to cover the cost of a purchase order.
Obligation Number	The C prefix number that Fiscal Service assigns to the 1358.
Patient Category	The patient's service connection and patient status: SC/OP SC/IP NSC/IP NSC/OP
Pickup and Delivery Charges Form	Pickup and delivery charges must be included in AMIS information. This computer form records pickup and delivery charges when a local vendor is required by contract to pickup/deliver prosthetic items at a veteran's home.
PSAS Item	Prosthetic Sensory Aids Service (PSAS) item that can be issued to a patient. There may be multiple PSAS items associated with one HCPCS: Sling, arm extra large Sling, arm medium Sling, arm small
PSC	Prosthetic Service Card
Purchase Order	A government document authorizing the purchase of goods or services within the terms indicated.

Purchasing Agents	A&MM employees legally empowered to purchase goods and services from commercial vendors.
Reference Number	Also known as the transaction number. The computer-generated number that identifies a request. It is comprised of the station number, fiscal year, quarter, control point, four-digit sequence number.
Re-order Level	A level at which time a stock item should be re-ordered. A mailman message will appear daily indicating the re-order level has been reached.
Short Description	The nomenclature that identifies the item in the ITEM MASTER file. It is restricted to three-to-sixty characters and consists of what the item is, what kind of item, and the size of the item (e.g., glove-surgical medium).
Site Parameters	Information such as station number, cashier address, billing address, etc., that is unique to your station.
Source	The distribution for the stock, either VA or Commercial.
Transaction	Any action that affects a bill or an account. All transactions are numbered sequentially and may be examined individually.
Transaction Number	The number of the transaction that funded a control point. It consists of the station, fiscal year, quarter, control point sequence number.
Type of Transaction	A first-time issue, a repair of a previous issue, a spare, or a replacement of a stock item: Initial = I Repair = X Spare = S Replace = R
Unit of Issue	How the item is issued, e.g., box, each, bottle, etc.

VA	The Department of Veterans Affairs, formerly called the Veterans Administration.
VA Form 4-1358	This VA form is used to record estimated obligations or changes in estimated obligations.
VA Form 10-2319	Each time a patient receives medical equipment, supplier or services from Prosthetics Service, the item purchased is recorded on this form (Record of Appliance/Repair). This is an overall list of all appliances/repairs purchased for a veteran.
VA Form 10-2421	This is the main purchasing authorization and invoice form for items or services issued by Prosthetics Service.
VA Form 10-2520	This form is used to authorize repairs for prosthetic items/appliances prior to the item being sent to a vendor for repair.
VA Form 10-2527	Appointment roster and action sheet for clinics.
VA Form 10-2914	Eyeglasses are authorized for purchase on this form.
VA Form 10-55	This repair authorization form letter is used by Prosthetics Service to authorize repairs of prosthetic items/appliances sent directly to the vendor by the veteran, without prior Prosthetic Service approval on VA Form 10-2520.
VA Form 10-7306d (AMIS)	This form tracks cumulative active prosthetics disability codes for AMIS calculations.
VA Form 2237	This form is used to request goods and services by a service/section, through A&MM.
VA Form 2421PC	This form keeps track of purchases that are used with a purchase card. Form 1358 is no longer available when a purchase card is used.

| **Vendor** | The company from which the item is purchased. |

| **Vendor File** | An IFCAP file (440) of vendors that the facility conducts business. This file contains ordering and billing addresses, contract information, FPDS information, and telephone numbers. |

| **V*IST*A** | Veterans Health Information Systems and Technology Architecture, formerly Decentralized Hospital Computer Program of the Veterans Health Administration (VHA), Department of Veterans Affairs (VA).

V*IST*A software, developed by the VA, is used to support clinical and administrative functions at VA Medical Centers nationwide. It is written in M and, via the Kernel, runs on all major M implementations regardless of vendor.

V*IST*A is composed of packages that undergo a verification process to ensure conformity with name spacing and other V*IST*A standards and conventions. |
