Introduction

The purpose of this guide is to provide the Clinical Applications Coordinator/Health Informatics Specialist (CAC/HIS) with direction on the installation/implementation of the VA-Oncology reminder dialogs. These reminder dialogs were developed and are supported by the National Oncology Program Office in Specialty Care Services (part of Patient Care Services). Please contact Susan Hamilton-Hill for any questions/concerns at susan.hamilton-hill@va.gov.

The National Oncology Program Office seeks to provide tools to VA facilities to enable providers to format essential clinical data so that it is readily available for clinical care and to measure the quality of care in the VA in a prospective, timely, and cost-efficient manner. Using Reminder Dialogs in CPRS is one mechanism to support these goals. Reminder dialogs will include information necessary for quality assessment as defined by the National Quality Forum, ASCO's Quality Oncology Practice Initiative, and other reliable and up-to-date sources. Reminder dialogs will enable the standardization of clinical information necessary for quality indicators into a discrete format and obtain key elements to continuously monitor the quality of cancer care.

There are 4 reminder dialogs to be used to document care for head and neck cancer that need to be installed (MDC, progress note, treatment plan, treatment summary,).

NOTE

If your facility does not provide oncology services, you are not required to install or use these reminder dialog templates.

There are several dialog elements that can be modified or disabled (if desired) to allow for local content. Please work with oncology-care providers to determine best option. (See POST-INSTALL INSTRUCTIONS # 1).

UPDATE_2_0_26 contains 1 Reminder Exchange entry:

4. The National Oncology reminder dialogs can be used as templates and/or standalone notes. It is a local decision. Collaborate with Hematology/Oncology staff to determine how the dialogs will be used. The National Oncology Program Office will be releasing additional reminder dialogs so it is important to establish an appropriate location, such as shared folder with a separate folder for each type of cancer. Please follow Local naming convention guidelines in place at your facility.

Creating a shared folder
Open template editor

- Click + sign Shared Templates
- Click on New Template button
- Type Oncology
- Select folder in Template Type box
- Click Apply lower right corner

EX: Creating Shared Folder

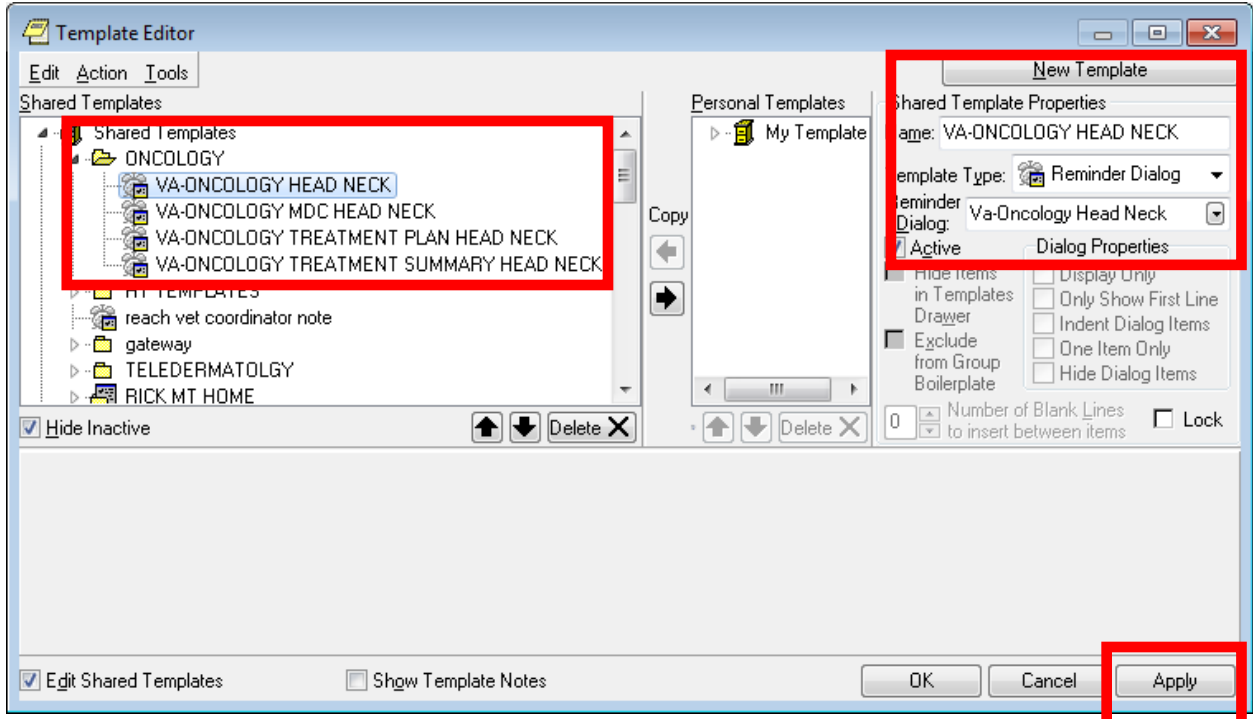

5. Creating a shared templates

- Open template editor
- Click + Shared templates

- Select Reminder Dialog in template Type box
- Type VA-ONCOLOGY in Reminder Dialog box
- Click Apply lower right corner

Repeat for all four templates

EX: Creating Shared Template

6. Setup of Note titles

If your site uses the reminder dialogs as stand-alone notes, you will need to create a new note title for each dialog included in this update.

All note titles are to be mapped to the following VHA Enterprise Standard Title:
HEMATOLOGY AND ONCOLOGY NOTE.

Comprehensive information on Creating Document Definitions can be found beginning on page 47 of the [TIU/ASU Implementation Guide](#)

7. Linking progress note to reminder dialog

The following is an example of attaching a dialog to an associated note so that it can be used as a standalone note. You will need to repeat this step for all of the dialogs contained in this update.

From Template Editor

Edit Shared Template

Click + Document Titles

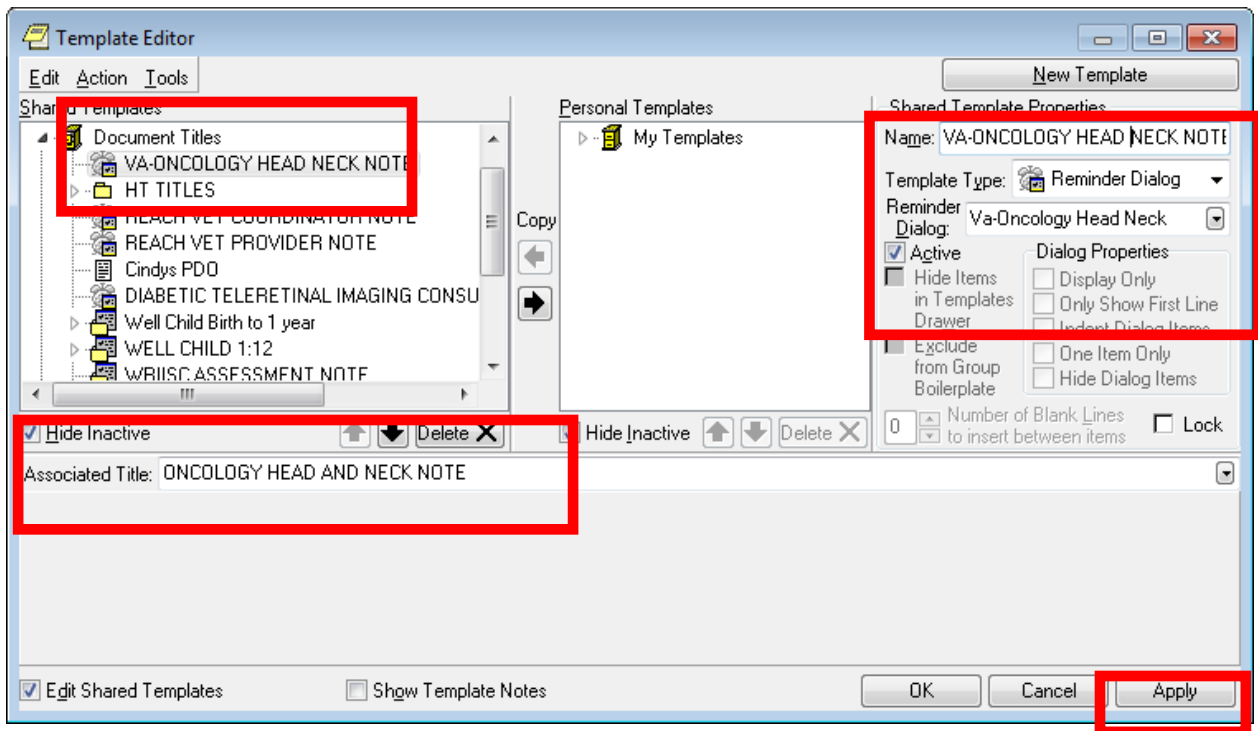

Click New Template button

Type VA-Oncology Head Neck (OR YOUR LOCAL NOTE TITLE) in Name box

Click down arrow and Click on Reminder Dialog in Template Type Box
Type VA-ONCOLOGY in Reminder Dialog box
Type VA-Oncology Head Neck in Associated Title Box
Click Apply in lower right corner

Repeat for all four templates.
